

# New Smiles News

## A Message from the Doctors

We hope your new year is off to a great start! A new year is the perfect time to make changes in your life. We at New Smiles believe in changing lives, one smile at a time. We love our patients, and our top priority is making sure each and every one leaves our office feeling happier and more confident in their teeth. We hope that you will come see us in the coming months so that we can help you change your smile, and change your life.

Dr. Doyel, Dr. Aanderud, & Dr. McKinney

## In the Office

Our team has been working hard to make sure we offer you the best treatment available!

- **AAID Fellowship:** In October, Dr. Doyel was honored by the American Academy of Implant Dentistry (AAID). He was granted the title of "Associate Fellow" of the Academy. Dr. Doyel has spent the past three years studying dental implants so that he can provide his patients with the best options and care the dental field has to offer. Congratulations Dr. Doyel!

- **Wisdom Teeth Sedation:** With summer vacation approaching, it is a good time to check the calendar and schedule wisdom teeth extractions. We have several sedation options available for this procedure. In addition to nitrous oxide, our doctors are certified to offer oral and IV sedation. We want you to have the best care during your visit and have choices for every level of anxiety and treatment.

- **New Smiles Membership Program:** At New Smiles, we want everyone to have the chance to change their life with a new smile. We know affordable dental insurance is hard to find, so we offer a membership program comparable to most dental insurance plans. A basic plan covers twice-yearly exams, cleaning and x-rays, one emergency exam, a smile consultation, and 15% off all other procedures, including cosmetic. Call us today for more information.

## Dental Health Corner

- Make sure your teeth are in tip-top condition by coming in for a regular cleaning!
- Brushing and flossing are great for dental health, but adding a swish of alcohol-free mouthwash to your hygiene routine can help eliminate residual bacteria and germs that escaped the brush and the floss.

## Out of the Office

At New Smiles, we believe in working hard and playing hard. Our team has done some fun things over the past few months, and more fun things coming up in the next few months.

- **Office Closed for Spring Break: March 2017**  
As a reminder, the New Smiles office will be closed March 27 through April 1 for Spring Break. We hope everyone has a safe and fun week!

- **Egg Hunt for Hope: April 2017**  
New Smiles is once again a proud sponsor of the Egg Hunt for Hope. This event will be held April 8 at the Sherwood High School track. Bring the kids and join us for a fun time!

- **"Operation Smile" Charity Event: May 2017**  
Local professional photographer, Lisa Dillon, is hosting a charitable event at our office to benefit PPA Charities and Operation Smile. Starting April 1 you can sign up for a time on May 6 to get your photo taken and donate \$24 per smile to help kids in need of cleft palate surgery. Come in to the office or call to sign up.

## Team Member Spotlight

Sam is our wonderful sterilization technician! She moved to Sherwood from Eugene, and we couldn't be happier to have her on our team. She has one older brother, and is godmother to her best friend's baby girl. Sam one day wants to become a dental assistant. She played the flute for three years, her first language is Spanish, and she loves blueberries and pineapple juice (not combined though!) Thanks for being on our team!
