

New Smiles News

A Message from the Doctors

We hope your summer vacation has been full of fun! We at New Smiles believe in changing lives, one smile at a time. We love our patients, and our top priority is making sure each and every one leaves our office feeling happier and more confident in their teeth. We hope that you will come see us in the coming months so that we can help you change your smile, and change your life.

Dr. Doyel, Dr. Aanderud, & Dr. Bennett

In the Office

Our team has been working hard to make sure we offer you the best treatment available!

- New Staff Members:** We are excited to welcome some new members to our team! Dr. Bennett has joined us as our newest doctor. We also welcome Rebecca Cuthbertson as our new receptionist! She is the busy mom of six kids, and she loves music, sports, and the outdoors. Dr. Doyel's daughter Charity has also been here for the summer, and we will miss her when she returns to school in the fall. She is studying Pre-Dental at BYU in Utah, and she hopes to become a hygienist.

- Wisdom Teeth Sedation:** With summer vacation almost over, it is a good time to check the calendar and schedule wisdom teeth extractions.

We have several sedation options available for this procedure. In addition to nitrous oxide, our doctors are certified to offer oral and IV sedation. We want you to have the best care during your visit and have choices for every level of anxiety and treatment.

- New Smiles Membership Program:** At New Smiles, we want everyone to have the chance to change their life with a new smile. We know affordable dental insurance is hard to find, so we offer a membership program comparable to most dental insurance plans. A basic plan covers twice-yearly exams, cleaning and x-rays, one emergency exam, a smile consultation, and 15% off all other procedures, including cosmetic. Call us today for more information.

Dental Health Corner

- Make sure your teeth are in tip-top condition by coming in for a regular cleaning!
- Brushing and flossing are great for dental health, but adding a swish of alcohol-free mouthwash to your hygiene routine can help eliminate residual bacteria and germs that escaped the brush and the floss.

Out of the Office

At New Smiles, we believe in working hard and playing hard. Our team has done some fun things over the past few months, and more fun things coming up in the next few months.

- Office Closed: July 28 - August 4**
As a reminder, the New Smiles office will be closed July 28 through August 4 while the doctors enjoy a summer vacation with their families. We hope everyone has a safe and fun week!

- Robin Hood Festival: July 2017**
New Smiles was once again a proud sponsor of the Sherwood Robin Hood Festival. We have sponsored the event for 17 years, and we always love to see your smiles along the parade route!

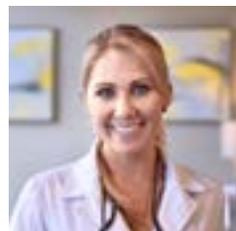

- Hood to Coast Race: August 2017**
We are gearing up for the annual Hood to Coast Race! Our team has been training hard and we hope to have our best year yet! The New Smiles team has been participating in this relay for the past 14 years. Go Team!

Team Member Spotlight

Dr. Ashley Bennett, DDS, is a General Dentist and moved with her husband, Dr. Jay Bayat, to the Pacific Northwest in 2016. She earned her Bachelor of Science Degree from San Diego State University and her Doctor of Dental Surgery Degree from UCSF. She practiced in St. Louis, MO as a General Dentist while her husband completed a residency program in Endodontics. She volunteers with the Portland Junior League and has been on many dental missions abroad. In her free time, Dr. Bennett enjoys spending time with her husband and her two dogs, Rocco and Nash. She enjoys traveling, hiking, wine tasting and spending time with her two nieces. We are excited to have her as part of our team!
